

6th FORM COLLEGE ROUNDUP

2020-21 has been an excellent year for all our students.

The Sixth Form staff at college thought you might like to hear what they have all been doing.

Engineering

Robert has completed his first year BTEC Level 3 Advanced Manufacturing Engineering. He is leaving St John's this year but will complete the 2nd year of his course as a York College student.

He has used his support well and proved to be a fine engineer, learning electronic principles and how to design through CAD.

Painting & Decorating

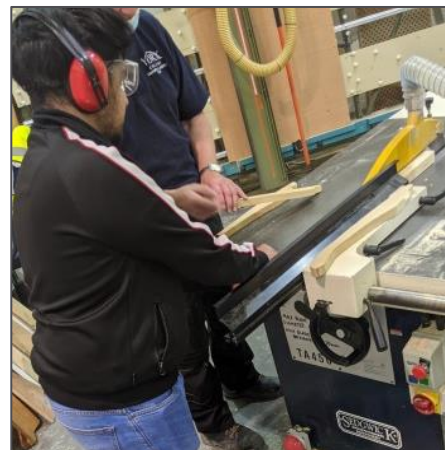

John has had a good year and has now completed his City & Guilds Painting and Decorating at Level 2 course.

John will be moving on from St John's this year and we wish him the best of luck for his future studies at The Lakes College.

Carpentry

Two of our carpenters are leaving St John's this year. **Miles** and **Ibrahim** have completed their C&G L2 in Site Joinery. Miles has consistently produced practical work to a very high standard and will continue to work with wood, switching to Level 2 Bench Joinery when he leaves us for Lincoln College in September. Ibrahim is moving on to a supported Internship at Shipley College which some friends from his old school attend.

Mac and **Alex** have completed C&G L1 in Joinery. Alex will continue at York College and move on to Level 2 Joinery in September. Mac has decided on a change of direction and will move to Askham Bryan College to study Level 2 Arboriculture with a view to becoming a tree surgeon!

Catering

Suriya has had a successful year on an L2 Hospitality Services course. He has enjoyed working front of house and in the Ashfields Restaurant. He has been really committed and worked really hard on his Maths and English.

Suriya will be leaving St Johns and moving on to a City and Guilds L3 NVQ Diploma in Hospitality Supervision and Leadership at Leeds City College.

Construction

Tyler and **Mqhele** have successfully completed Level 1 Brick. Tyler will continue at York College, moving on to Level 2 Bricklaying in September.

Mqhele will move on to a course in Painting and Decorating next year.

They have shown great commitment to the course and tackled each challenge enthusiastically. They have adapted well to working in the new extended workshop and have made friends within their course group.

Both have also shown fabulous acting skills in Alfie's short film, King Part 2.

Media

Alfie has completed his Level 3 Media course and will be saying farewell to St John's this year. Proving himself to be an extremely talented filmmaker with his Final Major Project and his short films KING and KING II,

Alfie's depth of knowledge and skills, both behind the camera and in the editing suite, are remarkable and we are sure he will have an exciting career ahead of him. Alfie is hoping for a Level 3 Production Apprenticeship with the BBC in Salford and we wish him good luck with his application.

Computer Science

Hollie has had a fantastic second year on her L3 Diploma in Computer Science and is predicted to finish with top grades.

Hollie has had a three-month Cyber Security work placement and is hoping to get an apprenticeship in this when she leaves us this summer.

Hollie has also worked part-time at her local shop to save up to buy her new puppy, Hector.

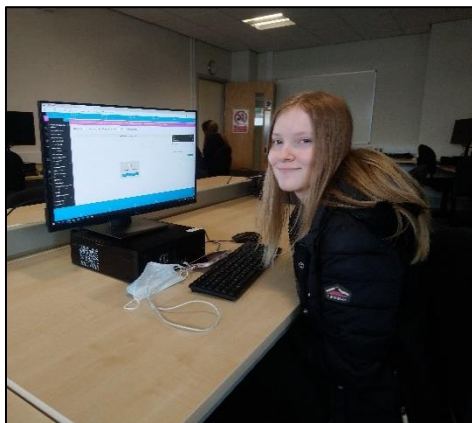

Askham Bryan College

In her last year with us, **Mia** has successfully completed a Level 2 in Equine Studies. She will be moving on to an Apprenticeship with Trent Valley Equestrian Centre in July.

Lily is also leaving us this summer. She has just completed a Level 1 Animal Studies and will continue on Level 2 at a local college in Middlesbrough.

Julian and **Finn** have had a good year and continued to enjoy learning about plants and vegetables. In September, Julian will be back at Askham Bryan College for another year while Finn is going to start a Pathways to Independent Living course at York College.

Pathways

Sol has had a fantastic year, even with lockdown. The Pathways team have done their utmost to keep everyone engaged. Sol successfully project-managed a wood construction for an autistic child, made by his friends at school. Sol leaves us this summer to progress to a residential setting. We wish him well.

Barbering and Business

Jack has been greedy and bagged 2 courses during his last year with St Johns. Jack has done very well on L2 Barbering and has also studied L3 Skills for Business, achieving Merits, alongside this. This should help him greatly if he wished to start his own business in the future. Jack is looking for a Barbering Apprenticeship near his home.

Driving Tests & Theory

Hollie and Jack have both passed their driving tests this year and both are now driving their own cars.

Mia, Alex, Mac, Ibrahim and John are all working hard towards passing their theory tests.

We hope you will agree that all our students have done the school proud with their achievements this year and that you join us in wishing our leavers the best of luck for the future.
